Appraisal outputs

The **appraiser** makes the following statements to the responsible officer:

1. * An appraisal has taken place that reflects the whole of the doctor's scope of work and addresses the principles and values set out in Good Medical Practice. ☒ Agree ☐ Disagree
2. * Appropriate supporting information has been presented in accordance with the Good Medical Practice Framework for appraisal and revalidation and this reflects the nature and scope of the doctor's work. ☒ Agree ☐ Disagree
3. * A review that demonstrates progress against last year's personal development plan has taken place. ☒ Agree ☐ Disagree
4. * An agreement has been reached with the doctor about a new personal development plan and any associated actions for the coming year. ☒ Agree ☐ Disagree
5. * No information has been presented or discussed in the appraisal that raises a concern about the doctor's fitness to practise. ☒ Agree ☐ Disagree

The **appraiser** should record any comments that will assist the responsible officer to understand the reasons for the statements that have been made.

Good hardworking surgeon with her patient's interest as a top priority

The **appraiser** should record any other issues that the responsible officer should be aware of that may be relevant to the revalidation recommendation.

The **doctor** may use this space to respond to the above comments made by the appraiser. The responsible officer will review comments made in this space.

Both the doctor and the appraiser are asked to read the following statements and sign below to confirm their acceptance:

"I confirm that the information presented within this submission is an accurate record of the documentation provided and used in the appraisal."

"I understand that I must protect patients from risk of harm posed by another colleague's conduct, performance or health. The safety of patients must come first at all times. If I have concerns that a colleague may not be fit to practise, I am aware that I must take appropriate steps without delay, so that the concerns are investigated and patients protected where necessary."

Once this document is completed and ready for submission, the appraiser should save a final version.

Please click here to perform a final save on this completed file: **Final save of editable version**

Once a final version has been saved, the appraiser should lock the form to send a 'read only' version that cannot be edited to the responsible officer. You cannot reverse this step so please ensure that all of the information that both parties wish to be documented has been included and that an editable version has been safely stored for future reference.

You will not be able to lockdown the form until all mandatory fields have been completed. An error box will list any that you have missed.

Lockdown for submission

The appraiser should now submit this form to the responsible offer and provide a locked copy to the doctor to allow them to use this form next year.

The following actions are for the doctor.

Contacting your responsible officer

This form has been locked as read only and your appraiser will have provided a copy to your responsible officer. If you have concerns about your appraisal, or the information recorded in this form, you should discuss this with your responsible officer. You may wish to use the following box to do this.
